MANAGEMENT DISCUSSION & ANALYSIS REPORT

BACKGROUND

Tarapur Transformers Limited was originally incorporated on 9th day of May 1988 as a Private Limited Company in the Name and Style of "Tarapur Transformers Private Limited" by its erstwhile promoters Shri Praful Dharia, Shri Rajesh Kumar Shah & Shri Praful Shah.

Bilpower Limited and its promoters acquired entire voting rights in the Company in year 2006-07, followed by change in management control and thus Bilpower Limited became the promoter of our Company.

The constitution of the Company was changed to Public limited company with effect from 27th March 2007 and consequently the name was changed to "Tarapur Transformer Limited".

We currently operate through three manufacturing units situated at Boisar, Wada & Vadodara.

INDUSTRY OVERVIEW

Power is a critical component of any economy's infrastructure without which its development and growth is a big hindrance. An economy's growth, development and ability to handle global competition, all depends on the availability, reliability and quality of the power sector.

The Power Industry constitutes the following segments:

Power Generation

Power Transmission

Power Distribution

Indian Transformer Industry

A Transformer is a voltage changer, used to either step down or step up power depending on its installation base. There are largely two categories of transformers based on function, viz., power and distribution transformers. Other special transformers that are differentiated on usage include welding, traction, furnace etc. many players have the capacity to manufacture up to 400kv, however with ultra mega power plants coming up, need for high rating transformers is felt, which has opened doors for 765kv ratings transformers.

A power transformer is installed at generation site up to the last substation just before distribution activities commence. This transformer is used to either step up or step down power to match voltage requirements. They are oil filled transformer with its range spanning from 11kv – 765kv. Power Transformer would account for about 65-68 % of the total value of the Transformer Industry.

A distribution Transformer is used to transfer power from a substation to the final point of consumption. The basic purpose of a distribution transformer is to provide end users with low voltage power. A distribution transformer could either be oil filled or dry type in nature, with range spanning from 1.1 to 11kv. Distribution transformer would account for the remaining 32-35 % of the total value of the transformer.

A dry transformer is used where there is a space constraint and higher chances of occurrence of fire. These are mostly used by industrial & corporate clients at software parks, hotels, hospitals, high rise buildings etc. These transformers are categorized as distribution transformers due to their nature of operation, i.e. at end users locations.

In India many players belong to the unorganized segment of the Industry and cater to small ratings distribution transformer demand. This is due to lack of infrastructure testing facilities, and technical skill sets available with them. However, over a period of time many of these small players moved up the value chain and graduated to the higher rating transformers. Despite this the number of players qualified for the larger variants of transformers is still small to serve upcoming demand expected over the forthcoming years.

BUSINESS OVERVIEW

Your Company is currently engaged in the areas of manufacturing, rehabilitation, up-gradation, and refurbishment of transformers ranging from power & distribution transformer, Industrial Transformer, Furnace Duty Transformer, Electric Locomotive Transformer, Electric Traction substation Transformer, Dry type transformer, Potential Transformer, Special purpose transformers. We are one of the key players in Indian markets manufacturing & repairing of power & distribution transformers, focusing on quality, timely delivery and customization based on our engineering capabilities without any third party collaboration or technical assistance.

We manufacture Transformers upto 220KV class, with installed capacity of manufacturing of 1840 MVA and repairing of 1800 MVA per annum.

DISCUSSIONS ON RESULTS OF OPERATIONS

During the current fiscal our company has achieved

- Total Turnover of Rs. 3298.63 Lacs
- Net Profits of Rs. 154.43 Lacs
- Earnings per share (EPS) for the year of Rs. 1.49

FUTURE OUTLOOK

As the number of competitors in the higher range of power transformers manufacturing is very small, the board foresees a bright future for the company once the project is fully on stream.

RISK & CONCERNS

Our future results of operations could potentially be affected by the following factors:

- Our ability to successfully commission the Expansion Project at the scheduled time;
- Our ability to manufacture the transformers as per the requirement of our clients;
- Our ability to continuously operate and maintain our manufacturing facilities optimally;
- Our ability to continue to source raw material at competitive rates for our transformer manufacturing plants;
- Our ability to manufacture transformers using the latest technologies in terms of modern materials, components and processes;

HUMAN RESOURCES

During the year under review, HR undertook several initiatives towards development, enhancement and retention of workforce.

Your Company strongly believes that employees are central to the Company's transformation agenda and that it is important to build capabilities of employees to handle both current and future needs. During the year, the Company worked extensively on identifying the needs of employees across all categories and level. The Company has built a young and vibrant team of highly qualified and competent professionals to meet the emerging business challenges and market competition.

INTERNAL CONTROL AND THEIR ADEQUACY

The Internal audit was carried out by an independent firm of Chartered Accountants who conduct the audit on the basis of Annual Audit Plan. The process includes review and evaluation of effectiveness of the existing process, controls and compliance. It also ensures adherence to policies and systems, and mitigation of the operational risk perceived for each area under audit. Significant observations including recommendations for improvement of the business process were reviewed by the Management before reporting to the Audit Committee which reviewed the Internal Audit Reports and status of implementation of the agreed action plan.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis, describing the Company's objectives, projections and estimates, are forward-looking statements and progressive within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statements. Important factors that could influence the Company's operations include global and domestic demand and supply conditions affecting selling prices, input availability and prices, changes in government regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations.

SCHEDULE – “M”

A. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES -

1. Basis of Preparation of Financial Statements

The Financial Statements are prepared as per historical cost convention and in accordance with the generally accepted accounting principle in India, the provisions of the Companies Act, 1956 and the applicable accounting standards issued by the ICAI.

2. Use Of Estimates

The preparation of financial statements requires use of estimates and assumptions that affect the reported amount of assets and liabilities on the date of the financial statement and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and the estimate are recognised in the period in which the same are known / materialised

3. Fixed Assets

Fixed assets including leasehold land are recorded at cost. The company capitalises all costs relating to Fixed Assets acquisition and installation and other financial cost till commencement of commercial production. The Company has stated its Fixed assets net of Cenvat/Value Added Tax.

Expenses incurred relating to Pali Unit prior to commencement of commercial production are classified as project development expenditure and disclosed under Capital Work in Progress which will be subsequently allocated to the relevant Fixed Assets on Pro-rata basis depending on the prime cost of assets of Pali Unit.

4. Depreciation / Amortisation

(a) Depreciation on additions to assets is calculated Pro-rata from the date of such additions and similarly on deletion from assets is calculated Pro-rata up to the date of deletion. Depreciation in the case of uninstalled Fixed Assets has not been provided.

(b) Depreciation on assets except to the extent stated in (a) above, has been provided at the rates and in the manner prescribed in schedule XIV to the Companies Act, 1956 on straight line method and in accordance with the provisions of section 205(2) (b) of the Companies Act, 1956.

(c) Depreciation on assets, whose actual cost does not exceed Rupees Five Thousand each, has been provided @ 100% p.a.

5. Inventories

(a) Raw materials are valued at cost

(b) Work In Progress is valued at cost plus estimated value of overheads.

(c) Finished goods are valued at cost or net realizable value whichever is lower.

6. Impairment Of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impaired loss is charged to Profit and Loss Account in the year in which an asset is identified as impaired.

7. Foreign Exchange Transactions

(a) Foreign Currency Transactions are expressed in Indian Currency at the rates prevailing on the date of transaction. All The Foreign Currency Liabilities / Assets as at the Balance Sheet date are restated at the applicable exchange rates prevailing at that date.

(b) Exchange differences arising on repayment of liabilities incurred for the purpose of acquiring fixed assets are adjusted with the carrying amount of the respective Fixed Assets.

8. Accounting Of Cenvat Transactions

Cenvat benefit is accounted for on accrual basis on purchase of material & assets and incurring of expenses and appropriated against payment of excise duty on clearance of finished goods.

9. Taxation

Tax expenses for the year comprise of current tax and deferred tax. Current tax is measured after taking into consideration the deductions and exemptions admissible under the provision of Income Tax Act, 1961 and in accordance with Accounting Standard 22 on “accounting for taxes on income”, issued by ICAI.

Deferred Tax assets or liabilities are recognized for further tax consequence attributable to timing difference between taxable income and accounting income that are measured at relevant enacted tax rates. At each balance sheet date the company reassesses unrecognized deferred tax assets, to the extent they become reasonably certain or virtually certain of realization, as the case may be.

10. Recognition Of Income And Expenditure

- (a) Incomes & Expenditures are generally accounted on accrual as they are earned or incurred except interest on taxes and duties which are accounted on payment basis or at the time of assessment, whichever is earlier.
- (b) Sales are accounted net of sales discounts, rebates, etc., if any and returns but inclusive of excise duty and service tax, vat, sales tax and freight, insurance.
- (c) Packing material and stores & spares purchased are written off as expenses in the year of purchase.
- (d) Imports are recognized on presentation of Bill of Entry at the Customs on retiring the import document which ever is earlier.

11. Employee Retirement Benefits

- (a) Company's contribution to provident fund is charged to Profit & Loss account.
- (b) The Amount of Gratuity liability for the year is charged to Profit & Loss Account.

12. Deferred Revenue Expenses:

Deferred revenue expenses include expenses for public issue of share and increase of authorized share capital. These expenses being written off over period of 5 years.

13. Tax On Dividend

Tax on distributable profit by way of proposed dividend is accounted in the year to which the declared dividends relates.

14. Investments

Investments are stated at cost of acquisition.

15. Earning Per Share

The Company reports basic and diluted earning per share (EPS) in accordance with Accounting Standard 20 on "Earning Per Share".
